Latest Community help for dealing with Covid-19

Hope you are all keeping well and safe.

We now have a mobile number for anyone to call should they need help or have any suggestions that we could help with. Please leave a message if no reply. It is ~

07506 404709

If you are unable to call a mobile number, please call Jan at Foyers Stores on ~

01456 486233

Along with the current help available (picking up prescriptions, dropping off shopping etc), we are looking into whether there is anyone who is self isolating or being shielded that would benefit from the loan of some equipment to help keep in touch with family. This would be something that you could video call on. To help us gauge the need for this, could you please complete the slip at the bottom or phone one of the numbers above to let us know. We would also need to know whether you have an existing internet connection.

There is some financial help available from the Community Trust for those that have had to apply for Universal Credit. Please see www.stratherrickcommunity.org.uk for further details. If you are not entitled to Universal Credit but find yourself in hardship due to a drop in wages etc, please contact the Knockie Trust as they have a grant available and shopping vouchers.

There is a supply of hand sanitiser at Foyers Stores for Community use. Please take along a small bottle to fill up. Thank you to the Trust for funding this.

If anyone has any other need or idea to help that we are not covering, please get in touch and we will see what we can do. Apologies if you receive this by email and in the post, we are just trying to reach as many folk as possible.
